

Physio Voice — Investment Proposal

Prepared February 26, 2026 · Per clinic · ~1,000 appointments/month per clinic · 2,000–3,000 total · Ontario

Physio Voice is the first step in a phased automation of your clinic operations. The MVP focuses on the highest-impact, lowest-risk starting point — scheduling, after-hours coverage, and no-show reduction. Each phase that follows builds on a live, proven foundation. Billing, insurance, and intake automation are on the roadmap — scoped properly after we know your systems.
